General Observations

- The first series of slides show certain words used seven times. Many of you already know seven is God's number for perfection. This illustrates the importance and the stress God is placing on the word or the event.
- **For the creation of Revelation God extracts all, "I mean all" of his material from the Old and New Testament; all that is signified in Revelations have already been used to signify the similar ideas throughout the bible. He uses this to show what is going to happen in the future. There is no need to go outside the bible, no need to attempt to identify individuals of history, no math calculations, no scientific formulas, no projections, no theocratic postulations, no need to guess about prophets coming back to life, no need to make up stories about Satan, no need to go outside the scripture to find out any who, what's where, when, how or why's, no need to make up fantasy stories, no need to take any verse out of it's context, no need to add or take away from any meanings, no need to use outside sources, no need to differ on what it's saying, no private interpretation, no need to use terms outside the bible.**

Revelations Storyline 1

- God create a spiritual organization “the church” which can openly exist within any government that does not deny Christ, the church is apart of who the followers are. Jesus orders certain expectations for the church, which if not met either individually or as a group Jesus will remove their candle, fight against them, force them into sin and condemn them if they don’t repent, or spew them out of his mouth. God’s reward and protection is promised the obedient saints.
- Satan’s uses two primary directives to attack the church; corrupt and weaken it from within, and carefully move the world toward a one government antichrist system. This system makes all inhabitants of the world dependent on the system to function and survive and thereby effectively identifying, seizing and eradicating certain religions, their people, and all written material of their so called “destructive teachings”. Revelations reveals the nature of this one world system, it’s leader, it’s execution style governance and it’s fierce opposition to God. the first world system will end at some point.

Revelations Storyline 2

- The first system is followed by another in which supports all the same ideas of the first system.
- The second system's leader is as it were "six times" more powerful than the first and shall seek to change times and laws. In the name of world peace. He seeks to eradicate all religious organizations. An identification system is created which forces all people to be physically identified by their individual sign, number, or name. An allegiance and a total commitment to the image "ideas" of the system and their worship is mandatory to all citizens worldwide. All which refuse the system, it's leader, identification, or the worship of its image are killed. All that worship anything other than the image are detained or executed.
- During the interim between the two world systems there are four kingdoms which are governed by ten leaders out of which the second great world leader arises. He takes power and is notable and feared for the incredible miracles he performs and for his depth of dark wisdom that defies the human realm.

Revelations Storyline 3

- Followers of many religions will seek to follow his overwhelming powerful personality and seek to **be healed** or witness healings just by seeing and hearing this great mans image. They will all soon find out he is only leading them into a death trap.
- This world leader will force all people to worship the image “ideas” of the first system, Christ alludes to mass gatherings worldwide, many of them courted off in huge desert areas (Matt 24:26) in which this world leader will apparently corral massive amounts of people much like Jehu did of the worshippers of Baal in the Bible. II Kings 10:18 He will at a precise time order their execution.
- The idea is, that he will literally rain down fire from heaven on them (either by miracle (Job 1:16) or mechanical means) like eagles swarming down on dead carcasses Matt 24:24:28. Also, a form of gas chamber effect or chambers of death are implemented of them as a massive world scare tactic, to force the world into utter and unquestionable subjection. Many earthquakes, famines, and diseases from God will occur after these things as a result of God’s sore displeasure (Matt 24:29).

The “This” Generation

Tribulation-“**this generation**”-Coming of Christ

- God will begin to punish this world system for killing saints. The tribulation and punishment of God will be so very severe, unless it is shortened, no flesh would survive. Now **after** the tribulation “IN THOSE DAYS” the days of the “**this (in between) generation**” the generation **after!!!** the tribulation and **before!!!** the coming of the Christ, At the end the tribulation, God people will be so very few upon the earth, the righteous will be few and far apart.
- There are still some saint left after the tribulation. The people of God are not outwardly shining their light and many have fallen away which were once faithful. Many of them have become non-existent (Matt 24:29). It is “**this**” very “**this generation**” those living **after** the tribulation which will **see** the Son of God “Christ” Coming (Matt. 24:34).

Revelations Storyline 4

- The Word of God is destroyed and is restored. God commands an end to the order of it's time. At that very moment a massive earthquake such as never has been occurs. Jesus is then seen coming in the clouds from the east to the west with angels. All the saints that have not submitted to the world system are caught up with Christ in the clouds, also many saints are first risen from the graves to be with Christ and the birds gather to eat the enemies of God.
- The Lord's triumphs over all of his enemies. Many of them are banished to severely punishing conditions which can only be described as though it were "a lake of fire" many of them are killed at the order of the Lord, and Satan is imprisoned for an indefinite/uncertain period of time. Many others are judged of the saints, some are banished to an area of the earth for which living conditions can only be adequately described as a lake of fire. The Ark of Covenant is the new active Word of God for the reigning King Jesus, it takes the place the Old and New Testament.

Revelations Storyline 5

- Jesus takes over Jerusalem and sets up his kingdom. All the kingdoms of the world submit to Christ kingdom and passionately supports him and seeks to behold his presence. Jesus host a great Supper of Marriage for saints. Satan in time is loosed and regains power over the world and moves the people of the world against the kingdom of God and of Christ.
- Destruction from heaven rains down on Satan and all of the followers that seek to besiege the camps of the saints. God harvest the earth, destroys the heavens and the earth, and the judgment is set. The Devil, the false prophets and all his followers are judged and cast into living conditions which can only be best described as a lake of fire.

Weapons of the heaven and earth

- Instruments of heaven and earth in the hands of two eternally opposing opponents, Jesus and Satan, used to manipulate the affairs of Heaven and Earth. Jesus is the worthy Lamb, worthy to open the seals of these weapons to reveal to mankind what they are
- The idea that the fight is somehow fixed is a common misconception, Satan wants God's people to believe this lie. We have much to learn from the temptation of Christ. Not only does he fast forty days to prepare, even Satan quotes a verse to the effect that this is not a fixed event. Even though we know Satan does not have the creative power or the Godheadness that Jesus has, since when do we see anything God created take the Lord to a high mountain apart and in a moment show him all the kingdoms of the world in a moment of time? That kind of power clearly illustrates that this **Foe** has the potential to win if allowed. However, many opportunities are lost through wickedness and many are gained through truth and righteousness. God's people must understand that they have a roll to play, and that our individual victory is not set in stone, we must do our part, so also insofar as the kingdoms victory, it is up to saints, willing to live daily and stand in the face of death for righteousness sake to show this evil adversary we serve God only.

- Trumpet One- loss depicted by Fire (punishment) and Hail (crop/cattle failure) unto blood (human suffering) see also Exodus/Egypt plagues “upon the earth”
- Extent of Damage- the common folk important people too
- Represented by grass (common folk) and trees (owners/important people)
- Idea of- Losing the whole crop and cattle

- **Corrective Warnings of God use to prevent mankind from self destruction. Used throughout all time on earth. Introduced by the sounding of seven Trumpets**
- Trumpet – Two depicted by burning mountains (greater fire of punishment)
- Extent of Damage – most of the common/important people and some of the privileged elite too.
- Represented By – Sea (two thirds of the earths surface as in sea, common/important people) creatures (notice life as in **physical life** with breath ‘Strong’s, 5590) of the sea and ships (cattle and industry)
- Idea of – The nation is stricken by a horrible injury, e.g. besieged, poverty, lack of water, food.

- **Extent of Damage – all of the common folk and most all of the privilege people and some elite**
- **Represented By – Fountains of water bitter, (drought) (possibly some disease etc.) wormwood (sick, bitter)**
- **Idea of –having a few cities taken by the enemy and all the women and children are slain, burned**

- Trumpet – Four depicted by the Darkening of Sun, moon and falling stars
- Extent of Damage – such pain and suffering as is difficult to imagine, disease, sickness, famine, injury, bloody, war, death, boils head to toe, the idea of a lake of fire.
- Represented By – Darkness, Death, Suffering
- Idea of – the implication that God's people have continued to be a part of his sore disappointment and that they are headed to a point in which even God's people will have no way to return to him, he's trying to avoid this for them by helping them curve their ways, it's an extremely painful process, but necessary if **they** are to make the **choice** to come back to God,
 - God has routed the nation/s

Corrective Warnings of God use to prevent mankind from self destruction

- **Corrective Warnings of God use to prevent mankind from self destruction. Used throughout all time on earth. Introduced by the sounding of seven Trumpets**
- Trumpet – Five depicted by horse like locust with scorpion like stingers (celestials as darkened by swarm of plague, famine, war ‘figuratively’) ”the ‘sealed’ are spared
- Extent of Damage – targeted torment upon the privilege and Elite, the desire to die is more than the desire to live. It is by far God greatest attempt to personally torment and watch over the people for evil, God means business here, and he’s not regarding any level of pain and suffering as enough at this point.
- Represented By – the bottomless pit of all the most horrible evil beast, also is where The Beast arises from. God uses these evil beast to punish those that did not have the seal of God
- Idea of – God throwing every thing he’s got in the way of punishment at the nation/s there are no words which can adequately describe, it is as server as the image we have of the torment of the lake of fire. God would much rather see the change of the people than to see the whole nation/s falling into the lake of fire. **God refuses to force mans will**, instead he resorts to indirect influences

Corrective Warnings of God use to prevent mankind from self destruction

- Mountains empires/kingdoms
- Nations/Islands (sea/earth common folk and elite alike)
- The sixth seal is God 's order of world punishment, this involves all the empires of the world. It is very dark day even for God's people. Even those that shine among God's people are very darkened by all the horrible events (Sun/Moon darken stars fall). The four mighty beastlike angels which stand before God to execute God's punishment on the world are in charge of the four corners of the world, which is easily understood as the north, east south, west.
- These angels are strictly charged not to go to work until the servants of God are identified, those that are protected (sealed) (spiritually marked).
- Notice that even though the nation of God's people were about to be wiped out, how God was able to seal an indefinite amount for each congregation of his people. Even when the prophet Elijah said I am the only one left here to sever you, God told him there are thousands unto the perfection of God (in seven) (7000) that have not bowed the knee to Baal. And many mouths which have not kissed him. **God brings great punishment on his people while there is still a remnant. This has been a pattern even since Noah.**

Corrective Warnings of God use to prevent mankind from self destruction

- **Corrective Warnings of God use to prevent mankind from self destruction. Used throughout all time on earth. Introduced by the sounding of seven Trumpets**
- Trumpet – Six is depicted by four Angels so great as there names are not mentioned.
- Extent of Damage – elimination of the nation/s killing off the head to the tail
- Represented By – two hundred thousand thousand horseman of God's army. Serpent bite
- Idea of - annihilation of the people, it is better to kill them off and either start anew or make the people extinct. This is the decision God has tried to avoid, he's done absolutely everything he could to turn the people from their evil way. Bear in mind, when God is successful in turning the nations they don't self destruct, which is what God is trying to prevent in the first place. Self destruct simply means; that had not God through making them suffer turned them around they would have pursued a course to much greater and much longer suffering, and would have in many cases become self-extinct.

Corrective Warnings of God use to prevent mankind from self destruction

- **Corrective Warnings of God use to prevent mankind from self destruction. Used throughout all time on earth. Introduced by the sounding of seven Trumpets**
- Trumpet – Seven Is: Jesus Christ, God himself coming in the flesh the second time, in a final attempt to convince man of his evil ways, and that God is all powerful to overthrow the enemy of the world, and provide man with an opportunity to serve him.
- Extent of Damage – God destroys the Beast and his leaders, when Satan is finally loosed the world rebels against the Kingdom of God, and God destroys the world
- Represented By – the Second Coming of the Son of God in his Kingdom
- Idea of – As God stretches forth his hand in his last bid for mans allegiance man make his best attempt to bite off God's very hand. This he does to his final destruction.

John's Aerial View, the days of the seventh angel sounding

- This view is a snap shoot view of the whole battlefield, this snap shoot is so brief all John got to see is the angel with a little book in his hand open, which sets it's foot on the sea and on the earth and speaks, the thunders in turn and time speak. (I wanted to write what was spoken but the angel made me wait until he showed me the events "up close and personal that is") and then the same angel swore that time on earth shall be no longer.
- But during the days of the seventh angel speaking, I John, will tell you what happen, and what I saw, and what was done, before he said time should be no longer.

During the days the seventh angel sounded

- My guide told me to take the book from the hand of the angel. It was of the most beautiful writing I could ever imagine, but it contained the most bitter warnings of God's wrath against his people I have ever seen, and I was burden that I was called to prophecy these things. Then I was told to take accountability of the righteous inner court of God's people being told that those in the outer court among God's people were pagans, and that they were only among God's people stomping to the ground the holy city of God. Their filth and shame in the disgraceful way they profess to serve God made many people hate the temple of God's house. In doing so they are making the **holy city** a Sodom or like Egypt. I was told they'd do this unto the end of all flesh once the fullness of their end was confirmed.

Key verse to unlocking God's witnesses

- Rev. 11:8: And their dead bodies shall lie in the street of the great city, which spiritually is called Sodom and Egypt, where also our Lord was crucified.
- Matt 24:36 But of that day and hour knows no man, no, not the angels of heaven, but my Father only.
- **!!! !!! !!! !!! Don't try to interpret the witnesses as pointing to an event that will reveal the day of the Lords coming, you are taking the wrong path, Wrong Way! Stop! Turn Around!!!! !!! !!!!!**
- God's word refers to his people as a holy city, a holy nation in I Pet 2:9, and that those that tread under foot the holy city are as those of that "great (sinful) city" which have trodden under foot the blood of Christ. They have crucified Christ by their careless and willful sin or their rejection of him. This great city is spiritual Sodom.
- The sure interpretation of this verse speaks to the effect that the dead bodies (of whatsoever they be) are seen in the place where our Lord is crucified by those that reject him in their (mind) the streets of the great sinful city as Sodom and Egypt. **Of a certainty, the existence of something (witnesses) is "understood of" (seen) in the "minds" of the whole world to have come to an end.**

6: If they shall fall away, to renew them again unto repentance; seeing they **crucify to themselves the Son of God afresh**, and put him to an open shame.

This is a sure and clear understanding of spiritual things, the passage literally reads the spiritual Sodom, spiritual Sodom is in the mind where Christ is crucified of them which fall away. They have done despite to the Spirit of grace, and stomped the blood that was use to sanctify them by their willful sin. As part of the holy city, they have turned it into a Sodom. This also applies to those that reject Christ altogether.

Regardless of the witnesses, at some point their existence (dead bodies) is understood of the world in the streets (of their minds) that something that represented the witness of God was now eradicated from the earth. But before there existence (dead bodies) is even out of mind (buried) they realize the restoration of all that was destroyed, and fear falls on them.

Heb.10:29 Of how much sorer punishment, suppose ye, shall he be thought worthy, who hath **trodden under foot the Son of God**, and hath counted the blood of the covenant, wherewith he was **sanctified**, an unholy thing, and hath done despite unto the Spirit of grace?

End of an Order of Testimony

- God did not chose to fully open the secret that a New Testament would be created and that the Old Testament would not directly apply to the new order of God's business "the church", nor does he chose to openly reveal that the New Testament will be taken out of the way, so as to prepare the way of the Ark of his Covenant, (or the Covenant contained in the Ark) (**The Kingdom Law**) The Final Order of God's Witness to man.
- **God's Word as a witness Matt 24:14 Deut:31:26.** Also if the word is rejected by any nation the water of the word is turned unto blood on their hands. And when the truth does not live in a nation, it will sooner or later come under the warning signals of God; in that the plagues will often come on them to prevent them from their self destruction, suffering, and extinction.
- The strongest witness of God ever is accomplished as the Old and New Testament events are revealed to the world for an indefinite period of time, confirmed in the completeness unto the perfection of God to the fullness (1260 days).

The Bottom Line is

- In a time of brutal captivity (as in sackcloth), the people of God will finish the testimony of preaching God's Word, which is the fuel and light for the Christian walk in this obscure dark world (the olive trees and candlesticks). All the known materials of the Word of God that are left will be confiscated and destroyed by the world religion army.
- The world will rejoice as they have been overwhelmingly convinced that all the confusion and destruction in the world is because of the bible. Now finally they believe the last of the Word is gone for good. Now they declare "**peace and safety**" I Thess 5:3
- They will remember how the last of God's witnesses (the Bibles) were gathered up and destroyed by the world system, and they celebrate the event, even giving gifts to one another. Before the event is laid to rest in their minds (buried), God confirmed the destruction by uncertain days, (3 ½ days) "uncertain, indefinite, short
- After those days the witness (the Old Testament) and the witness (the New Testament) which were destroyed will literally be restored (life: see Strong's, 2222 from zaw – zao life (literally or figuratively) and caught up by God. This will produce great fear upon all the world, but in that same hour the earthquake that precedes Christ coming occurs and the Lord is on his way.

During the days the seventh angel sounded

- Once again, don't count on the world seeing anything with their physical eyes. This is to know the day of Christ coming, and that is a secret that even revelation will not reveal. Lastly, if you're not completely convinced, consider this; the beast is a world system it is said that the beast shall make war against the witnesses, and overcome them, it naturally would take a whole system to overcome the word of God but a system is never spoken of as making war against two individuals. It takes discipline to stay on point here, keeping it in the figurative realm is the only way to get the value of the meaning and the whole meaning altogether.
- Suddenly, in the same hour God called up the Testament of testimony, "his Witnesses" there is an earthquake such as has never occurred on the earth, where thousands as it were unto the perfection of God's number are slain (or 7000). It is said the kingdoms of the world have become of the Lord's kingdom, the nations are angry and the people of God judge the people of the world. And the Ark of Covenant which is reveal from the temple of God, the everlasting gospel, the new law of the kingdom of God and of it's King Jesus Christ.

Cause of the War 1 Chap. 12

- This war has its origin in heaven. In heaven there are people of God that shine as the sun, people of God that shine as the moon, and a wide range of characteristics of God's people represented by twelve stars, some bright some not so bright.
- Through much affliction God's people of heaven and earth were about to deliver the Messiah to the world. Satan appears in heaven as the Red Dragon which by his influence deceived many of those that did **not** shine bright like the sun in heaven. These were ordered unto the earth to do Satan's dirty work in the form of great leaders and people that gave their allegiance to power and greed.
- Their job was to destroy the Ruler of the Kingdom of God, but by the power of God he finished his work and was caught up unto the throne of God. The people of God in heaven were hidden in the wilderness for an indefinite period of time, confirmed in completeness unto the perfection of God to the fullness(1260 days).

Cause of the War 2 Chap. 12

- There was war in heaven Michael the Arch Angel and his angels fought the Devil and his angels and prevailed against them, and cast them all out of heaven into the earth. There was great joy in heaven because Satan was always trying to convince God that many of God's people were already his servants and that God should place them under his full authority.
- Now heaven is **not** under the constant assaults of Satan, and the salvation bought by the blood of Christ extends to them too. Now they rejoiced because they have privilege unto the blood of Christ. They overcome by the word of their testimony. Their righteousness and obedience to God cause many of them to die in that war, but they were more than willing to die for Christ.

Cause of the War 3 Chap. 12

- But the common people and the elite of earth are in great danger now, because the Adversary is no longer simply possessing people in the earth he has been given charge of the whole world, to influence them through deception and wickedness to eradicate the righteous people of God and the witness of his Word from the world.
- So God's people of the earth were given the strength of God's Word through the witnesses of God (eagles wings 'God's Word'). As they continued in the Word of God it provided deliverance and nourishment to their souls for a time times and a half times.
- So Satan used a flood of false teachers, and many that taught the people of God away from God, to flood the spiritual wilderness on earth with every manner of lie, misinformation, disinformation, deception, false claims about how close they are to Christ and many other ways the members of the church dishonored God through their pretentious worship. But that great city of Sodom, the ones that tread the holy city under foot came into the wilderness (among God's people), and consumed all the destructive lies unto themselves.

Cause of the War 4 Chap. 12

- The true people of God ignored all the wickedness, and rebellion of the people of God that was really following Satan (the fallen). The true saints tried to convince the fallen that they should **keep the commandments of God and the testimony of Jesus Christ** which say's, "behold I come quickly as a thief in the night"; to reward all them that know not God and obey not the gospel, and hold the truth in unrighteousness. This only kept the true followers of God fighting with the followers of God that treaded upon the holy city, those that were pounding the blood that sanctified them into the ground.

The First World System (Kingdom) End Times 1

- I saw an organization come up from among the people that were considered to be mere servants to the world (sea), but their organization (head) was perfectly (7) assembled in perfection and absolute completeness (10 horns), Its military leaders (horns) were organized in the perfection of completeness (10) and it established its locations (crowns) around the world with absolute completeness. This organization (beast) was as swift as a leopard in its ability to respond to any world resistance, and its ability to claw through uprisings was as strong as a bear. Rev. chapter 13
- The voice for this organization was as fierce as a lion and everyone was terrified of how perfectly it exercised its power in taking complete control of the world. It had a world leader that was very powerful and influential and no nation or government would dare question his authority. I notice the leadership (head) of one of its primary assemblies was a people that many thought would have been extinct (wounded), but amazingly they are not just still a powerful people, they are assemble with this great system that has risen to power. This was almost unbelievable to everyone but no one dared rebel, they already knew what the consequences would be “immediate and swift death” so most people gave their total allegiance to the one world system (beast), in fear of it.

The First World System End Times 2

- The world leader was so highly feared and respected (worshipped) that everyone gave one another reasons to follow him and why they should comply with the system. Even the churches began to say it's just best for us to hide our worship and comply with the system. They kept telling the members it's better to hide so we can have a chance to figure out how we can fight this thing. But they were only deceiving themselves, and convince the members to comply with a system which denies Christ. Therefore, there was a great **falling away**, Thess. 2:3 and many did not worship God as they did before. Still many that refused the system were arrested for conspiracy, no one knows what happen to those people they just disappeared and we never saw them again. Rev. chapter 13
- This organization had spokespeople (mouth/media) Rev. 13:5-6 that forcefully and powerfully campaigned for its way of life and blasted religion and everything to do with it. They also blasted God and made a case that he is an irresponsible moron for letting religion and world affairs get so low down and stinking to the high heavens. These people really have in their mind to hurt the God of heaven, I mean they really intend to wipe out (war agianst) everything that is of God and religion. They were allowed of God to continue until it was confirmed that the fullness of all flesh was passed. Rev. chap. 13

The First World System End Times 3

- These people did such unimaginable things to the saints that it can not even be mentioned in words. That's how much they hate them, and their power extends throughout the whole world so there are very few places the saints can hide. The entire system is structured to disenfranchise saints and it is impossible to function or survive without swearing allegiance to the system. Rev. 13:7
- All those people that were not true saints quickly gave themselves to the system wholly Rev. 13:8-10 (worshipped the beast). For those that are able to understand, those that lead God's people into spiritual captivity will go into spiritual captivity and those that use the word of God (sword) to kill the soul, their soul will be killed of God in the same way. It takes patience and faith for the true saints of God to reckon these things. The bottom line is the church leaders will use the word of God to justify compliance to the world system, they will probably use Rom. Chap. 13 .

The Second World System End Times 1

- For a short time ten leaders of the four kingdoms of the world which all have one mind, are interim leaders (Rev. 17:12 Dan 8:22) but their power is not as strong.
- Then I saw another world system, but this one came from among the elite of the world (the secret people “earth”). This time there is a kind of shared power (lamblike “subjection” one to another in power) between two, (horns) a very powerful elite has made a very powerful military leader and spokesperson his equal in power and they rule as the first one world leader (dragon) did. Rev. 13:11
- This world system supports everything the first one stood for and more. So for all intended purposes the first world system is back in the form of a much more powerful second world system, with a leader that has as it were “six times” more power than the one before. Rev. 13:12-18
- Daniel reference to the activities of the beast involves a systematic approach to eradicating God's people in the form of a worldwide army; (host) who's primary objective is to destroy all religious materials, structures for worship (place of sanctuary). To make illegal all activities, gatherings, communications, or otherwise anything that promotes the worship (the daily activities of God's people) (wear out the saints) or ideas of a worship which is in opposition to their ideas. There ideas are forms of worship that are transgressions and abominations to the true God. (seek to change times and laws) possible calendar change, Dan. 7:25

The Second World System End Times 2

- This world leader is unique in that he has great mysterious powers. If you don't know any better you would swear it's the Christ which has returned again. This man does the most incredible miracle you could ever imagine so that he makes fire come down from heaven in the sight of men. By these miracles he deceived the world and even a lot of God's people, the ones who's light were very dim, and because they insisted on seeing a miracle, they were blinded and the enemy trap them.
- So the great leader caused all the people to worship the ideas of the first world system and to make images to it and worship; (what I'm saying is, "to work within and for the system and 'comply' to it's ideas"). He made it mandatory to identify with the system, the people were assigned a unique name, number and a sign and had to bear the marking of one of them. It was impossible to function in the system without it. All those that refuse to worship i.e. comply to the world system were killed either literally or taken out of the system and detained (so as basically to be dead insofar as having anything to do with the system).

The Second World System

End Times 3

- Now I want you to understand who this really is and the extent of his power and the number that identifies him is six hundred, three score and six **666** = **the fullness of man (threescore)** multiplied, as **the perfect completeness of God in man (evil), (six hundred)** near perfection multiplied, not perfect but incredibly convincing, **mangod “evil” (six)** approaching as if unto a god, god x evil, godlike, as false Christ + in power of, evil, of godhood, god of the dead, Baal, **Lucifer**, Satan, Serpent, **the personification of the Devil in flesh.**

The significance of a labor of love for God

- Suddenly, I looked over and Jesus standing in the place of salvation with an indefinite number (1000) each in congregations (12) (or 12 times 1000 or 144,000) of the saints. The actual number of those which will stand with God is a uncertain, numbers are used to describe
- **Read chapter 14:2-11** It's in plain language, The joy of God and his people. Prophecy against all evil.
- John now says: Rev. 14:12-13 Now I want you to listen to me very carefully, because I'm going to give you the greatest key. **This is the most important thing for you to remember**, it doesn't get any higher than this so listen as a voice is speaking to you from heaven. This is how you will know the true saints of God: **They keep the commandments of God**, and by this I will describe to you their faith. They continue to serve God through any and all circumstances even unto death, their labors in the Lord and their works are out of **a faithful and true love for God**, and all through time these are the ones that labor in the Lord even unto death. **They are as stubborn to stand against evil as Shadrach, Meshach, and Abednego.**
- It is because of their sacrifice that so many other saints found strength to stand up against the mark of the (beast) world system, and it's because of them that so many stand in salvation with Jesus, and it is declared from heaven **their labors and works do follow them.**

The Harvest Rev 14:14-20

- The harvest naturally lends itself to the gathering of souls unto the judgment, however there are some things signified here that need a little bit of attention.
- Firstly it is very comfortable to see “like unto the Son of man” on a white cloud, with a golden crown as Jesus, also the angel coming from the temple (or alter) is the messenger of the Father, for it is only the Father which knows the day and time of such events discussed here. The idea of a sickle is use to illustrate the harvest of the righteous by Christ.
- The next harvest is a messenger from the temple and another messenger from the alter of God. He is over punishment, (fire) and gives the command to gather the full ripe grapes (souls of the disobedient) for the winepress of the wrath of God (need I say more?) but the idea of the number deserves some explanation.

The extent of casualties and lost souls

- To illustrate just how many will be lost from all time, God uses the idea of; if all the blood of the lost was rung out, it would form a lake of blood for the distance of:
- These numbers are not signifying. If you are trying to understand a number which describes an event “unto” the coming of Christ or Satan as he returns from his prison (later chapter), you have to remember the time of those events are secret. Therefore you have to treat the numbers differently by understanding what the number/s stand for.
- These numbers are not unto a time that is held in secret, therefore it is clear they are actual numbers. Using these measurement helps to understand the size of a lake if all the blood of lost souls were poured into an area.
- That being said we can comfortable and simply see the amount of blood if rung out of making a lake about four feet deep extending about 200 square miles. What ever the amount, this is a sad commentary.

The Tribulations Angels Line Up

- This chapter basically give glory to God for the tribulation he is about to pour out on the world system (beast) which is making war against the saints and have pounding them to death and to near extinction. But God's people have scored the greatest victory in death, because now they are before the throne of God, and are about to witness the dark punishment upon the world. God's people were not sealed against the cruelty of the world systems but those still living are sealed against these horrible events

Chapter 16 The Plagues of the Tribulation

- Read chapter 16 somewhat as quite literal.
- Armageddon- upon the sixth plague of God which is the plague received so fierce as it can only be compared to the total obliteration of a people or their extinction from the earth. The false prophet, the beast and the dragon will use demonic messengers to sound out a battle cry to all the world. They are trying to get every one in the kingdom prepared to fight the coming forces of God. They know God's army will soon someday come to annihilate them and finally set judgment on all their wicked ways, they just don't know when.
- The dragon trapped a lot of God's people with the miracles he performed. **Now it's just unreal how hard headed some of these saint are!!!** Some of God's people brake down, forsake their righteousness and obedience, and come out of hiding to run behind this kind of foolishness, it's like taking off all your cloths and charging into battle, **insanity!!!** Let me make a suggestion to you, keep the armor of the Lord on, so this kind of thing doesn't take you by surprise; if you don't, you'll be walking your crazy naked self around out there just waiting to be tortured by the enemy. Rev. 16:15

Chapter 17 **Mystery Babylon**

- So the seventh angel with the vial said he would show me the judgment of all the filthy ways (the great whore) of the people of the world (on many waters). All the greatest people of the world and the common people have become intoxicated by the wine of this kind of fornication. So he carried me away and show me that woman of “sin” which engulfed the wicked people of the world. Their wickedness was as though it were a living breathing animal of the most absolute perfection of filth (seven heads), and (ten horns) in the completeness of abominations unimagivable to the entire mind. This is the way of life they protected . Oh how beautiful they appear to be, all through history they carry themselves as if they are so high and holy. These are the very people that wear all the finest cloths, and are decked with the finest jewelry and ride in the absolute finest chariots. But the cup of their abominable filth is like a basin of vomit and dung poured out upon all of their sexual exploits. So the woman of sin was labeled appropriately **Mystery Babylon Mother Of Harlots and Abominations of the Earth.**

Chapter 17 Mystery Babylon

- These are the very people that hated God's people all through history, they are drunk with the blood of the saints and have killed the saints with as little regard as they would have for a bug. There's a certain group of them which gather with the people of God, Rev. 18:4 like unclean fish they reek in their unimaginably filthiness.
- The angel said how is it you are so surprised? I'll tell you the mystery of the seven heads and the ten horns. The beast is that world system that ascends out of the pit of hell and is utterly condemned.
- Those not written in the book of life shall be afraid of the system and shall offer their complete and total allegiance to it. Don't act like you're so surprised, the beast is the same idea of the world systems that have preceded it. They are just as filthy and vile and contemptuous as all the other ones before it.
- Their corrupt ways have always lead to their utter ruin and they have all fallen, yet the same old stupid people still insist on getting their way, and will do the same thing again in the end times. You'd think these people would learn. It's the definition of insanity, "doing the same thing over and over again and expecting a different result, Rev.

Chapter 17 Mystery Babylon

- Ok I'll just tell you this way, the people that love God's word will know what I'm talking about. The seven heads are seven empires (mountains), (kingdoms) from which the same oh crazy people have always come from.
- There are seven kings (kingdoms in this case), five have fallen one exist now and the other is not yet come, when he comes he won't last all that long, then there will be the eighth one, that comes from the seventh one, he's the one that will meet his final doom.
- Now plain common sense tell you that the one that exist now, is the Roman Empire, right? Who the current Caesar is, is not the point, I'm merely showing you the manner of the kingdoms to come by the ones that have already been. So now, all you have to do is look at the other empires in God's word, which are the Egyptian, Babylonian, Persian, Median, and the Grecian. You already know from the Word (bible) what kind of leaders these people had. See how they govern the whole world, forcing people to worship their stinking gods? These people don't ever change; in the end times they'll be doing the same old things, {it's just in this case they may not use an actual image accept among the most devoted worshippers}.

- Now I'll give you a little more detail. There are ten other leaders in this world system, they are all one in agreement and will be allowed direct power for a short time {Daniel mentions these ten leader as being a part of a four kingdom system, which is pretty easy to understand, north, east, south, west.}. These are going to smash the saint to pieces, but the Lamb of God will step up and shall overcome them, for he is King of kings, Lord of Lords, and they that are with him are called and chosen and faithful.
- Now remember, the waters are the people of the world and the ten horns also represent the completeness of this corrupt beast military. They hate these people, because their wickedness and corruption has built up a wall of death between them and the people. So since the people have caught and tortured many of their fellow officers, they utterly despise them, and enjoy nothing more than capturing them and experimenting with how many ways they can torture them, always trying different ways they can get the absolute highest degree of pain and suffering out of them.
- All this God has put in their mind to do since they have rebelled against him for so long. The woman is the great city of all the sinful people of the world and especially those that are given to the system, those who give their power and strength to the cause of this utter wickedness.

Christ Coming/The Fallen Babylon

- Most of chapter 18 is literal but I'd like to describe a few terms:
- Babylon-the spiritual name God has given all of Satan's kingdom.
- Fornication- this is more in the sense of the practices and worship or a devotion to the images and ideas of utter and violent corruption. It bears also with it the idea of gaining an influence with other through the kind of agreements that forsake God and even ones personal moral standard. While it can also be use to illustrate a life of sin and actual unmarried sexual debauchery (filthiness) it is most often applied spiritually in Revelations to show how intentional and habitual the people are that live in willful sin and shame.
- Cup- is usually always representing wrath of God contained therein
- Smoke of her burning- simply as when something is on fire
- **How do we know these things are yet to come?**
- When **Jesus come he overcome the eighth beast**, which is of the seventh. John was told that the sixth empire currently exist. Now there has **not since the Roman empire been an empire** that controlled all the world (every people, kindred, and tongue) through the idea of using death and forced compliance to their system. Finally the eighth kingdom is said to use **a worldwide marking system**, only those with that mark will be able to conduct business. Remember the eighth kingdom is from the seventh which is yet to come Rev. 17:10 All these event form an unbroken chain of events.

The Glory and Majesty of the Kingdom of God and the Excellency of it's Coming Christ 1

- Most of the chapter is in plain language, I hope you will read through the rest of Revelations. I will stop to explain some details that are symbolic.
- Chapter 19:1-10 The twenty four elders and the four beast which are the congregations of the ancient wise Matt 22:32 before both sides of the throne of God and the four great Messengers of God which do the will of God even unto the entire destruction of the earth, north, east, south, west, and all that are therein on the command of God.
- If indeed the marriage supper of the Lamb is symbolic it is certainly of reference to the uniting of a holy God with a holy people to the extent that one eats of a bread for which he will never hunger again and drinks of a spiritual wine for which he will never thirst again. This explanation will fit both in the physical and spiritual realms.

- The Beast, false prophets (miracles), worshippers, and them which had received the mark: cast into living conditions for which the only adequate description effective enough to describe it is to call it a “lake of fire” (torture, torment, punishment). A real lake of fire or that which is signified as a lake of fire is still a lake of fire, it’s really not worth debating; except to conclude that spiritual language is being used here to illustrate something you don’t want any parts of. Rev. 19:20
- Falling on the side spiritual language is most realistic in the case where people can still converse. The lake of fire (torture, torment, punishment) is God’s strictest punishment and is equivalent to torture without the possibility of death. Jesus illustrate an equal amount of pain as the rich man carries on a conversation with Abraham. This confirms to us the extent of the pain and also illustrate to us the extent to which one will maintain all of his cognitive and physical abilities to seek relief. One must stay in the figurative as they read the word **flame** Luke 16:24
- As you will see in the last chapter, after it describes all the beautiful things about heaven, it goes on to state in plain language “outside (the gates of the city of the new Jerusalem) are dogs, and sorcerers, and whoremongers, and murderers, and idolaters, and whosoever loves and makes a lie. This give not an impression of a literal lake of fire but the idea of living conditions which will encompass two things the ability to continue in sin, and live with the consequences of sin and all the sin of those around you. Rev. 22:14-15

The Glory and Majesty of the Kingdom of God and the Excellency of it's Coming Christ 3

- The execution arm of the beast and others which merely followed orders but are worthy of death (remnant) were “personally ordered” (sword) of Christ to be killed. (slain by the sword of him that sat on the horse ‘Christ’ which proceeds out of his mouth). These were spared the torture of the “lake of fire” for a little while, but still received the death penalty. Rev. 19:21
- And yes there will be that many bodies as God has order a great number of fowl to eat them to help with the clean up efforts of sort. This has been used of God in previous clean up efforts as in when Israel and Judah and other nations were destroyed of God. Jer:34:20 just one of many verses
- The rest were judged of the saints and punishment is according to the Ark of Covenant, God's coming Kingdom Rule. Rev. 11:18

Satan Bound

- Satan is bound for (1000 years) an **indefinite** period of time, **uncertain**, not of near nor of far, just undetermined accept by the Father. A thousand years figurative is an indefinite, uncertain period of time. As it was in the second coming of Christ, so also the second coming of Satan, it is a secret. After this he “must” be loosed for a short time.
- Some of the saints that God loves for their faithfulness was raised at the coming of Christ, God is so confident they will continue to serve him, he is allowing them to live again. When they die the second time none of their faults will be held against their final reward with God (second death) (no power) Now when they are resurrected again it’s called the second resurrection, they’ll live during an indefinite period of time as priest of Christ, uncertain time, not long or short.
- There are still a lot of saints that did not get raise in this way, they’ll be resurrected in the end too, but this will be their first resurrection, God did not chose to raise them at the coming of Christ, all I can say is the one that did get raised are blessed, and holy, I can’t speak to the rest.

After the time expires

- When Satan get out of his prison, you can tell how mad he is, because he immediately starts sending people to all the important battle positions of the earth (Gog and Magog), to get ready to attack the saints.
- Satan sees that he can now command so many as the sands of the sea, the kingdom of God is like a little city compared to all the kingdoms of the world, he knows the saints have no chance of winning against so many. Finally, this is it, his one last chance to win and become by far the ruler of the world.
- So they finally surround the camp of the saint, and wouldn't you know it, fire came down from heaven and devour them all. Who'da thunk it! bummer, all that preparation for nothing.

The god's end

- So the Devil finally got cast in the same place where the beast and the false prophets, and all the key people of his old kingdom have been for a thousand years "sorta speak", needless to say they're a little well.....upset with Satan by now!!! And not only that, by now they got some pretty good ideas about how to torture people. The people are just lining up for their day and their chance to torture Satan, and the waiting list just goes on forever. They know he's been known to have great powers, so they religiously keep him under extremely heavy doses of pain, they know it could be fatal if they let up even just a little. So I guess you can say Satan finally became a god.....the god of getting tortured.

The Judgment

- Then I saw a great white throne appear before the earth, and the earth and the heavens literally melted away in its presence; nothing above ground or below ground or in the midst of the sea could possibly live. For the sea was dried up
- Then I saw from the least to the greatest stand before the throne of God, every one of their lives were completely naked and open wide and all of their shame could be seen, every bit of it, everything; and they had the look of the dead on their faces, and their nakedness and death was judged of God.
- Their were also those that had on righteousness and obedience (garments, white and clean) for they had wash them in the blood of the Lamb, and they stood before the throne. These are they that walk in the commandments of the Lord having overcome the flesh, and their works do follow them. And I saw the book of life which contained all those that would live with God forever.
- The people were gathered up from every part of the world and also those that fell from heaven. They were all **judged according to their works**. All that were not already written in the book of life were cast into the torment and torturous place, the only best way to describe it is to call it “the lake of fire” (the perfection of God’s punishment).

New Jerusalem

- The day of the Lord's final victory has now come, and with the brightness of the throne of God was the first earth melted away and everything in it even the heavens as we knew them melted, all passed away with a fervent heat of the coming of God. So hot was it that all the water of the earth was completely dried up.
- I saw a new heaven and earth, and the holy people of God coming out of heaven. They were all prepared to live with God forever. And look the very habitation (God lives with the righteous) of God himself is dwelling with the righteous people of God.
- I'd encourage you read all of Revelation and search these things out whether they be so. Most of chapters 19-22 are in plain language, some spiritual language, but plain enough to be understood by all.

Who cares where?

- From the idea of “and there was no more sea” Rev. 21:1 it’s obvious if the earth and heavens were destroyed as in “absolute emptiness” there would be no more sea. Therefore to use this terminology is to allude to the idea that the earth, heavens, and sea melted away with a fervent heat but it does not make certain that the whole earth became completely invisible, nothing, emptiness, void, or otherwise, none existent. Two considerations in all of this:
 - 1 Mansions are prepared from the foundation of the world.
 - 2 Outside the gates are the evil of the whole world.
- So if the earth is used for eternal living conditions do they just fly down out of heaven as an attachment to the earth? or does God transport all the souls somewhere on a completely different sphere.
- The bottom line is this: what does it change in the eternal scheme of things? I would say nothing, at least at this point.
- If God chooses to reuse the earth for life later or for any one thing, what difference does that make to us? If God attaches something prepared for all to the still existing earth what difference does it make?

The Conclusion of the War

- The conclusion is the beginning: For as it was in the Garden so shall it also be in the New Jerusalem. God and man in such interaction that in the cool of the day the Lord comes looking for them.
- They are oblivious to evil and neither are they remotely aware of their nakedness, **All things are made new**, Rev: 21:5-6. There is no tempter there, no evil, no death, no darkness, no tears, no sorrow, no pain, no night.
- The Spirit and the bride say, Come. And let him that hears say, Come. And let him that is athirst come. And whosoever will, let him take of the water of life freely. **Even So**, Lord God Jesus.
